Credit Course CCPO/MPO	Workforce Development and Community Education Course/Certificate Objective Match	Credit Course Assessment	Workforce Development and Community Education Course/Certificate Assessment Match
CCPO 1/ MPO 1.1	EYK 601: 1.1	6 tests and homework assignments and an optional final exam to assure coverage of all objectives.  A midterm and final lab practical are used to assess the ability of the student to identify anatomical structures.	In EYK 601, EYK 603, and WYK 600 a total of 8 exams, homework assignments, and a final exam in each course assures coverage of all objectives. John Kaminski, George Science Department Chair, has reviewed the tests and has approved them as being comparable to the BIO 110 assessment measures.  WD currently uses workbook exercises in place of a midterm or lab practical to assess the ability of the student to identify anatomical structures. The workbook exercises are repeated until the students attain mastery.
